V. BUDGET COMMITTEE DELIBERATIONS

Lindi Overton prepared a PowerPoint presentation that addressed questions she had received from some Budget Committee members after the May 12<sup>th</sup> Budget Committee meeting regarding the budget document. She answered questions related to tuition, increase in health insurance, increase in the Service/Supervisory full time salaries, a 30% increase in maintenance and service contracts, and what was "Institutional Research," to name a few.

Stephen Schoonmaker was present to provide a more detailed explanation about Workforce Training and Education, Apprenticeship Training, and the new Dean of Work Force Education and Training position, which Lindi said she had received several questions about.

President Hamann announced the College had received a grant from Meyer Memorial Trust in the amount of \$500K for capital construction support.

Before taking public comment, the Budget Chair asked if there were any other questions or comments.

Kim Shillinger said it was difficult for him to look at the budget document and get a good understanding of the information provided, and that he would like more analysis in the budget document itself, like Lindi Overton had shown in her presentation about the service/supervisory increases, for example.

Al Arp remarked he appreciated having time between each Budget Committee meeting to digest the budget document, and would like the College to consider more time between meetings in the future.

Cindy Howe first congratulated the College “on a really good budget.” She also echoed Kim Shillinger’s statement about the budget document and that it was sometimes difficult for her to match up revenue to expenditures and to understand how those work together. Cindy suggested getting some kind of draft document out to committee members before the first Budget meeting and perhaps a copy of Lindi Overton’s PowerPoint.
