Crafts and Industrial Trades

Associate of Applied Science Degree

Role Descriptions

The Crafts and Industrial Trades Program is designed for the person intending to work beyond the level of journeyman as coordinator, leader, or supervisor in industrial trade and community roles.

Intended Learning Outcomes

In addition to apprentice and related learning courses, the learning experiences, which complete this degree program, are designed to assist the student in realizing the following outcomes:

1. Apply critical thinking skills to investigate, interpret, and communicate issues involving the trade, the community, and the home.
2. Coordinate projects and supervise others.
3. Lead a team unit in a direction that aligns with stated vision, mission, and values.
4. Work within the legal, regulatory, and code parameters of the trade/community.
5. Work to establish and promote a collaborative work environment where all voices are heard and valued as they contribute to shared goals.
6. Seek out and engage in learning opportunities that broaden perspective, deepen understanding, and increase personal fulfillment through out life.
7. Use verbal, non-verbal, and written communication skills effectively.
