

PRESIDENT'S CONSULTING ACTIVITIES

The Board of Directors expects the President to devote full attention and energy to the concerns of the College. The President may not be engaged in any other employment nor in long-term consulting assignments. The Board, however, recognizes the President's obligation to contribute to the profession of College administration and to the field of public education in general. This policy, therefore, does not prohibit the President from undertaking occasional consulting work that does not conflict with obligations to the College. Any consulting work that requires the President's absence for five (5) or more consecutive working days must have prior approval of the board chair.

END OF POLICY
