

STRATEGIC PLANNING

The President is responsible for the organization and implementation of an ongoing strategic plan. Strategic planning will consist of, but is not limited to, the short and long term goals related to capital outlay; instructional program development; building improvements; and adjustments to accommodate any growth or decline in student enrollment or other College areas.

The Strategic Plan will incorporate the College's Mission; Board goals; input from students, staff, and the community; and the acquisition and development of data relevant to determining a comprehensive plan for the College's functioning and future growth.
