Code: 6.055
Adopted: 11/89
Orig. Code: 3.625

TALENT GRANT PROGRAM

The purpose of the Talent Grant Program is to give awarding units a recruiting tool to allow them to attract students with special abilities or talents into their programs who would likely not attend Clatsop Community College otherwise.

Some college units have access to other special funds such as the Rochester Trust and are, therefore, not allotted talent grants from this pool.

Criteria for awarding grants are left up to each award unit to develop consistent with grant guidelines. These criteria are to be reviewed by a committee for consistency with guidelines. Prior to implementation, award units shall submit a draft of the criteria the unit intends to use to the Curriculum Coordinator of Instructional Services. The committee will review the criteria and provide feedback to the unit as quickly as possible after submission.

END OF POLICY
