## Child Protection Policy

Clatsop Community College is committed to protecting the safety and well-being of children and students under the age of 18 who are on College premises, and/or who participate in College-related programs and activities, both on and off campus.

The participation of children and students under the age of 18 in these programs and activities requires an increased level of care, and an expectation that College employees will conduct themselves appropriately in the presence of children on campus and/or in College-related programs and activities.

Effective January 1, 2013, all community college employees are required by Oregon law to report suspected cases of child abuse to the Oregon Department of Human Services (DHS) or law enforcement officials. This duty is personal to the individual community college employee and applies twenty-four hours-a-day, seven days-a-week whether or not you are on work time. You must immediately report to DHS or local law enforcement when you have “reasonable cause to believe” that any child with whom you come in contact has suffered abuse, or that any person with whom you come in contact has abused a child.

In addition, college employees and students must report to the responsible College official, the Human Resources Director, instances of inappropriate conduct when they witness, receive a report of, or reasonably believe an instance of child abuse has occurred. This requirement applies to cases of abuse that allegedly occur on campus, on property owned or leased by the College, or while members of the faculty, staff or student body are participating in a College-connected activity off campus.

Reporting to the designated College official does not satisfy the legal duty to report to DHS or local law enforcement.
