There is no Oregon statutory requirement.

The Board of Education is committed to assessing its own performance as a Board of Education in order to identify its strengths and areas in which it may improve its functioning.

To that end, the Board of Education has established the following processes:

The Board will assess their effectiveness at their annual retreat/work session each summer.

Topics can include but are not limited to:

- a review of Clatsop Community College's Mission, Vision and Core Values
- board yearly goals with an eye to those completed and those to carry over
- communication with each other and within their communities,
- relationship with the President,
- responses to the needs of the college,
- board operations and effectiveness,
- policies,
- identifying key accomplishments and failures

The results of this self-evaluation will be used to identify accomplishments in the past year and identify goals for the following year to be presented, discussed/modified, and adopted at the next regularly scheduled Board of Education Meeting.
