CWE280		COOPERATIVE WORK EXPERIENCE			1-11 CR
--------	--	-----------------------------	--	--	---------

Students work in the community in positions which allow them to demonstrate the skills they have gained during their academic training. Depending on the program, students can earn up to 18 credits on the job. Prior to beginning the work experience, students create individual learning objectives in cooperation with an identified Worksite Supervisor. Student learning objectives are reviewed and approved by the student's Faculty Advisor and/or Program Supervisor. Student learning objectives are consistent with program outcomes and guide student learning during the term. Student learning is monitored by Cooperative Work Experience staff. Students participate in regular monitoring meetings. Students submit required paperwork and are evaluated by their Worksite Supervisor. Students assume greater responsibility on the job as the work experience progresses. Registration requires the signature of the Cooperative Work Experience Program Manager.

Register for CWE280 by emailing the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu.

Prerequisite: None, however, students must have adequate academic training to be successful in an entry-level position.

Co-requisite: None.
