MARCH 30 - JUNE 12

Empowering All Students to
Reach Their Full Potential

Thank YOU

Clatsop County!

Without your local property tax support and continued belief in education, Clatsop Community College would not exist. On behalf of our students, staff, faculty, and Board of Education, we want to sincerely thank you for investing in your college.

As you look through this class schedule, we encourage you to see if there are courses that could support your goals, spark your interests, or help you learn something new. We would be honored to welcome you to any of our three campuses—the Lexington Campus in Astoria, our South County Campus in Seaside, or our MERTS campus at Tongue Point. You will also find short, practical classes designed to teach specific skills in a short amount of time, beginning on page 18. We hope to see you become part of the Clatsop Community College family.

With gratitude,

The Board of Education, our current students,
our staff and faculty, and President Jarrod Hogue

Cooperative Work Experience

Cooperative Work Experience (CWE) is a program that allows students to earn college credit for working in the community in a career area related to the student's academic goals.

Contact the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu or (503) 338-2507 for the appropriate CWE class, seminar, and registration information.

CWE280	COOPERATIVE WORK EXPERIENCE	1-11 CR
Students work in the community in positions which allow them to demonstrate the skills they have gained during their academic training. Depending on the program, students can earn up to 18 credits on the job. Prior to beginning the work experience, students create individual learning objectives in cooperation with an identified Worksite Supervisor. Student learning objectives are reviewed and approved by the student's Faculty Advisor and/or Program Supervisor. Student learning objectives are consistent with program outcomes and guide student learning during the term. Student learning is monitored by Cooperative Work Experience staff. Students participate in regular monitoring meetings. Students submit required paperwork and are evaluated by their Worksite Supervisor. Students assume greater responsibility on the job as the work experience progresses. Registration requires the signature of the Cooperative Work Experience Program Manager.		
Register for CWE280 by emailing the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu .		
Prerequisite: None, however, students must have adequate academic training to be successful in an entry-level position.		
Co-requisite: None.

CWE281	CAREER READINESS SEMINAR				1 CR
<p>This online career readiness seminar is designed to assist students in obtaining positions consistent with their career goals by challenging students to explore, develop, and take steps toward their own future career plans. Students will experience interactive online training modules to prepare them for the entire journey of choosing the right career, finding a job, and succeeding in the workplace. The training is interactive and focuses on teaching students how to do things for themselves, to build skills and confidence, and empower students to take ownership of their career path development and job search. Innovative simulations provide a safe environment where students can practice for real life situations, such as a job interview, instantly seeing the consequences of their decisions.</p> <p>Register for CWE281 by emailing the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu.</p> <p>Prerequisite: None Co-requisite: None</p>

Fitness					VINYASA FLOW YOGA \$99					JEWELRY METALSMITHING \$80				
STRENGTH & FLEXIBILITY \$125					Come learn the basics of vinyasa flow yoga in which students learn postures that they connect to seamlessly move from one pose to another. In this class, students will link breath to movement, increase strength and balance, and build resilience. Students should bring a mat to class.					Metalsmithing is the art and practice of forming and fabricating metal into jewelry. In this class, students will learn how to make copper, brass, and precious metal jewelry by using tools to produce pierced (cut-work) designs that reflect their individual style. Students will have access to the instructor's complete collection of equipment for forming, shaping, casting, coloring, and polishing. An additional fee for supplies of \$30 for new students or \$15 for returning students should be paid to the Instructor on the first day of class in the form of cash or check. All students should bring safety glasses to class, and returning students should bring their jewelry tools as well.				
This all-inclusive strength training program blends strength with flexibility, endurance, balance, coordination, and concentration. Its unique synergism yields strong, fluid movements that require a challenging yet invigorating focus of mind and body. Create a better functional body to meet life's demands with a lot of laughter but without injury or undue fatigue. Students should bring a mat and a set of hand weights to class.					F2F CALLAN FRI 11-11:50 AM PATR-306 Dates: April 3 - June 5					F2F HALL THU 6-8 PM TOWL-307 Dates: April 2 - June 4				
MAT PILATES \$125					BEGINNING YOGA \$99					VEGETABLE GARDENING IN THE PACIFIC NORTHWEST \$89				
This program combines the art of traditional Pilates techniques with contemporary elements to enhance your core workout. It is designed for beginning and intermediate students. Students should bring a mat and a blanket to class.					This yoga class is a beginner-level class that introduces the practice of yoga to students. This practice will warm and energize the body, and bring focus and clarity to the mind. Please bring a mat.					The coastal Pacific Northwest can be an intimidating place to grow vegetables, but when armed with some basic knowledge, tools, and proper planning, anyone can grow a beautiful and bountiful vegetable garden. In this beginner's class, learn methods and best practices for growing vegetables in our area, including how to prepare and improve difficult soil, research and select good, hearty seeds, navigate area hazards, and tend a garden to a bountiful harvest! In this class, students will learn the tricks that will make their plantings a success!

OVERVIEW OF OREGON COASTAL GEOLOGY, OCEANOGRAPHY, AND THE COLUMBIA RIVER ESTUARY \$49					SEWING FOR BEGINNERS \$65									
Come learn more about the ocean and our Oregon Coast. Topics to be covered include the oceanography, Oregon coastal geography, and the Columbia River estuary. There will be time for discussion, too!					Have you ever wanted to learn to sew? This class is an exciting opportunity to not only have fun, but to learn a skill that will benefit you for the rest of your life! Learn the basics of sewing including: how to use a sewing machine, reading pattern instructions and understanding how to follow them, picking fabrics, sewing simple garments, ironing garments, and understanding finishing touches. Upon the successful completion of this class, students will have the ability to sew a simple garment start to finish and will feel the pride that sewing brings! Students will provide their own basic sewing supplies for this class.

This workout features a combination of strength and cardio activities set up in a circuit that will provide a high-calorie burn and body sculpting. Each week features different combinations of activities and is a great form of cross training. At the end of the circuit, participants will do core strengthening on the mat and finish with a good stretch. Students should bring a mat to class.					This is an ongoing meditation class and silent sitting group offered year round. In this class, participants explore the present moment experience using the foundational practices of breath, body, heart, and mind. This is a non-religious class lead by a Zen priest. All are welcome!

MINDSET TRANSFORMATION - YOU CAN EDIT YOUR STORY \$40

In this transformative course, you will learn how to harness the power of your thoughts to create the life you desire. Our identities shape the way we think, feel, and act, often leading us to make choices that reinforce our current self-concept. But what if you could edit that story? By understanding the link between your beliefs, behaviors, and self-image, you'll discover how to shift your mindset and align your actions with the person you want to become. Through practical exercises, guided reflections, and mindset tools, you'll learn how to reframe limiting beliefs, challenge self-imposed boundaries, and rewrite the narrative of your life. This course empowers you to move beyond your past conditioning and step confidently into a new version of yourself—one that is aligned with your deepest aspirations and desires.

Meet Your Instructors For Start-Up Boot Camp

Meyer Freeman
Lead Business Adviser

Meyer Freeman took on the role of Lead Business Adviser in March 2023 after three years as a part-time SBDC adviser, when during that time he specialized in supporting those working to start their small businesses. Originally from Knappa, Meyer returned to Clatsop County after a 20-year career in Portland with nonprofit Sport Oregon.

He has advised more than 200 local entrepreneurs and business owners, and recently launched his own business, Playful Pickleball, which offers pickleball lessons and coaching on the North Coast.

Eric Stromquist
Adviser

Eric co-founded Hot Lips Pizza in 1985, also working as a consultant and instructor at Portland's SBDC. He joined Western Culinary Institute in 1996 as an instructor, eventually becoming VP of Academic Affairs before co-founding Oregon Culinary Institute in 2006 where he served as President until 2015.

In 2019, after a lifetime in Portland, Eric moved with his wife to Astoria where he is looking forward to engaging with his adopted North Coast community to help small businesses be successful.
