Clatsop Community College

Historic Preservation and Restoration • Fall 2010 Schedule
Classes begin 20 September 2010

COURSES

BLD 110: Construction Safety for Historic Preservation
Learn safe work practices for historic preservation and construction. Topics include assessment of potential job site hazards, appropriate use of personal protective equipment, and safe handling of potentially hazardous materials.
Instructor: Lucien Swerdloff
Times: Mondays, 5:00-7:50pm
Location: IMTC Computer Lab, MERTS Campus

BLD 111: Tool Safety for Historic Preservation
Learn to safely use and maintain hand and power tools for historic preservation and construction. Topics include use of safe work practices, safe use of electrical equipment, and safe use of hand and power tools.
Instructors: K. Palo, T. Kennedy and E. Overbay
Times: Mondays, 5:00-7:50pm
Location: IMTC Computer Lab, MERTS Campus

BLD 140: Printreading for Construction
Learn and apply the principles of reading and interpreting construction drawings. Topics include the purpose of different types of drawings, types of projections, applications of math, and the use of conventions, scales, symbols, notes, schedules and dimensions in construction drawings.
Instructor: Lucien Swerdloff
Times: Wednesdays, 6:00-8:50pm
Location: IMTC Computer Lab, MERTS Campus

BLD 206: Sustainable Building
Introduction to the theory and practice of sustainable building for new and historic buildings. Learn to apply sustainable construction practices, promote environmental responsibility, and analyze cost and benefits of sustainable building practices.
Instructor: Anthony Stoppiello
Times: Thursdays, 6:00-8:50pm
Location: Columbia Hall 221

BLD 210: Historic Preservation I
Survey of the history and theory of historic preservation. Learn the history of the historic preservation movement, preservation issues unique to the Pacific Northwest, and application of preservation methods to restoration projects.
Instructor: John Goodenberger
Times: Tuesdays, 6:00-8:50pm
Location: Columbia Hall 221

BLD 211: Historic Preservation II
Survey of the history and theory of historic preservation. Learn the history of the historic preservation movement, preservation issues unique to the Pacific Northwest, and application of preservation methods to restoration projects.
Instructor: John Goodenberger
Times: Thursdays, 6:00-8:50pm
Location: Columbia Hall 221

WORKSHOPS

BLD 228: Faux Finish Techniques
Learn a variety of methods, tools and techniques for wood graining and marbleizing.
Instructor: Pam Chestnut
Times: 9:00am-4:00pm, 25 Sept. and 2 Oct.
Location: Astoria Site

BLD 222: Documentation and Reconstruction
Document and dismantle the Historic Brune Homestead in preparation for a future reconstruction workshop.
Instructor: Kevin Palo
Times: 9:00am-4:00pm, 9-10 Oct.
Location: Columbia Hills State Park, WA

BLD 223: Column Restoration
Complete the restoration and begin the installation of historic columns at an 1896 officer’s house.
Instructor: Kevin Palo
Times: 9:00am-4:00pm, 6 and 13 Nov.
Location: Fort Columbia, WA

BLD 224: Documentation and Salvage
Document and dismantle the historic 1855 Brewster House. Students will “read” the history of the house and remove material for recycling and for a partial reconstruction in an historic museum.
Instructor: Christie Dimon
Times: 9:00am-4:00pm, 23-24 October
Location: Lebanon, OR
