CCC Career Center

Towler Hall • Suite 312 • M-TH 9:00-3:00

The Career Center provides services for students seeking help in career choice and job search. Most services are available online for the convenience of the student. Students may use the computer in the Career Center to access online tools and workshops or work from the comfort of their home!

Career Center staff seeks to develop a network of workforce partnerships, including regional business and industry entities, WorkSource Oregon, and the Oregon Employment Department to provide a wide variety of resources and employment connections to the students.

We encourage our employers to post their positions with the career center so our students may review and apply. The job postings are located in the Career Center as well as Towler and Columbia Halls.

Should an employer wish to conduct a job fair, we will provide the space. We also provide employers on-site locations to conduct interviews at our main campus, MERTS, and South County Campus. The Career Center staff coordinates other employer events such as industry tours, job shadows, and employer panels.

The CASE team is located in Towler Hall, Suite 312, Career Services. The CASE Career Coaches work with CASE-enrolled students to assist them in academic completion and job search.

Serving student veterans is also part of the CASE Grant. A Career Coach can assist veterans in translating their military skills to civilian jobs, learn about local companies committed to hiring veterans, and help make connections with other veterans and campus and community resources.

WRITING CREATIVE NONFICTION-TELLING TRUE STORIES (PER013518) (0 Credit)

True stories make us laugh and think, inspire us into action, and expand our worldviews. They give us a window into the lives of our neighbors, our communities, and the world at large. True stories provide a platform for us to write and read the narratives that engage and excite us, a place to tell our own stories and the stories unfolding all around us. Through interactive classroom and writing activities, listening and sharing, learn about the different types of essays that you can use to tell true stories, from meditative and ideas essays to memoir and humor pieces, literary portraits to new journalism. Bring your own stories and ideas for the true stories you would like to explore. These two day-long sessions will help you delve into the different possible forms for your stories and guide you through the process of developing and writing those true stories.

ENERGY TRUTHS I (PER023908) (o Credit)

What is really going on with energy, nationally and globally? Will the US become a major energy exporter? How many years' supply do we have of oil? Gas? Coal? Should we be building more nuclear power plants or closing existing ones? What are the fundamentals of resource depletion and conservation? Part 1 of this practical online course investigates non-renewable energy resources including oil, gas, coal, and nuclear power. Students distinguish what's hype from what's real through research behind the headlines and draw informed conclusions that will affect their own lives and wallets.

Small Business Management Program (SBM)

Since 1979, the Small Business Management Program has assisted small business owners to achieve their goals through improved organization, management, operations and marketing of their businesses. Instruction is practical and immediately usable, tailored to each business's individual needs. If you're a business owner who is willing to commit time for classes and on-site visits and willing to try and accept new ideas, then this program is for you!

You'll benefit from monthly classroom sessions covering specific topics, group discussion and an exchange of ideas with other business owners; monthly visits to your business by the SBM instructor for personalized and confidential application of classroom topics and subjects of your choosing, and an analysis of your business to help you develop a sound plan for growth, expansion and greater profits.

South County Campus 503-338-2342

Small Business Development Center (SBDC)

The path traveled to start, run and grow a business is filled with a variety of obstacles that often result in costly setbacks, or even failure. Traveling this path alone can be overwhelming and is extremely risky. The Clatsop Community College SBDC counselors have traveled the path and can assist with overcoming the obstacles. The result is lower risk and increased probability of success. We accomplish this by providing:

- No Cost Business Consulting
- Training Sessions & Materials
- Business Information Referrals
