Excel is a powerful electronic spreadsheet widely used in business. In this introductory class, current business owners and those seeking to start a business will learn how to navigate within workbooks and worksheets, organize data into rows and columns, format text and cells, write simple formulas, and create charts. Bring your own laptop, or use the classroom computers (with Excel 2010). You will receive sample spreadsheets to use in class and practice with at home. To register email sbdc@clatsopcc.edu or call 503-338-2402.

This workshop is applicable whether you want to start a part-time booth at the market, a small shop, or potentially a 500+ employee manufacturing operation. Students will come away with a good understanding of what it takes to license, register, and obtain the proper permitting and other specific needs related to starting up a business. Topics to be covered include some of the trials and tribulations that other have encountered so that you can avoid common pitfalls and errors that could cause your business to fail due to improper planning. Small Business Management Program (SBM)

Since 1979, the Small Business Management Program has assisted small business owners to achieve their goals through improved organization, management, operations and marketing of their businesses. Instruction is practical and immediately usable, tailored to each business's individual needs. If you're a business owner who is willing to commit time for classes and on-site visits and willing to try and accept new ideas, then this program is for you!

You'll benefit from monthly classroom sessions covering specific topics, group discussion and an exchange of ideas with other business owners; monthly visits to your business by the SBM instructor for personalized and confidential application of classroom topics and subjects of your choosing, and an analysis of your business to help you develop a sound plan for growth, expansion and greater profits.

South County Campus 503-338-2342

Small Business Development Center (SBDC)

The path traveled to start, run and grow a business is filled with a variety of obstacles that often result in costly setbacks, or even failure. Traveling this path alone can be overwhelming and is extremely risky. The Clatsop Community College SBDC counselors have traveled the path and can assist with overcoming the obstacles. The result is lower risk and increased probability of success. We accomplish this by providing:

- No Cost Business Consulting

- Training Sessions & Materials
- Business Information Referrals
