

BP 6600 Capital Construction

References:

NWCCU Standard 2.F.5
ORS 341.290(20)

The President is responsible for planning and administrative management of the College's capital outlay and construction program.

Construction projects shall be supervised by the President or designee. The project manager shall monitor the progress of all construction work including inspection of workmanship, completion of work to meet specifications, and the suitability of proposed changes to the scope and original design of the work.
