The President shall establish administrative procedures to ensure the safety of employees on the College locations, including the following:

- Compliance with the United States Department of Transportation regulations implementing the Federal Omnibus Transportation Employee Testing Act of 1991.
- Specifically, the College shall comply with the regulations of the Federal Highway Administration (FHWA) and, if applicable, the Federal Transit Administration (FTA).
- Compliance with these policies and procedures may be a condition of employment.
- Establishment of an Injury and Illness Prevention Program in compliance with applicable OSHA regulations and state law. These procedures shall promote an active and aggressive program to reduce or control safety and health risks.
- Establishment of a Hazardous Material Communications Program, which shall include review of all chemicals or materials received by the College for hazardous properties, instruction for employees and students on the safe handling of such materials, and proper disposal methods for hazardous materials.

Clatsop Community College will provide a safe and healthful work environment for all employees in accordance with state and Federal laws, rules, and regulations. Employees will adhere to safe work practices in accordance with the College's adopted safety and health programs and plans and established protective measures
