

AP 4225 Course Repetition

References:

A student may retake any course on their transcript, regardless of grade earned. When retaking a variable credit course, the student must enroll for the same number of credits originally taken. When the grade for the subsequent enrollment in the course has been reported, the credits and grade points for that course count in the cumulative grade point average in place of the grade and credits for the previous enrollment in the course.

Students may not register, without prior approval of the Office of the Registrar, for non-repeatable courses in which they are currently enrolled or for which they have already earned a C or a Pass (P/P*) or better at the College or from a transferring institution.

Students may register, without prior approval by the Office of the Registrar, for a non-repeatable course for which they have already earned a D or below or a No Pass at the College or from a transferring institution.
