An emphasis is placed on pronunciation, role playing, and commands. Students will learn to speak job-specific and conversational Spanish. There is no grammar, complex rules, or verb conjugations to learn. This class is designed for newcomers to Spanish. No prior experience is necessary. For those working in the community it is important today to be able to effectively communicate in Spanish. Organizations can improve teamwork and service with an improved ability to talk to Spanish-speaking associates and clients. This course is a non-traditional approach to language learning resulting in proficiency in a short time frame.
