SEPTEMBER 22 - DECEMBER 12

Empowering All Students to Reach Their Full Potential

SUMMARY OF RECENT UPDATES | FALL 2025 August 19, 2025

- FRP172: Class Location changed to SCC-203 (See Pages 7 & 10).
- **Degrees & Certificates:** "Workforce Certificates" table heading in the "Degree & Certificate Options" table changed to "Prep for License Exams" because CCC does not award certificates for these related study areas but provides instruction to prepare for licensure examination (See Page 20).

August 21, 2025

• **Degrees & Certificates:** 1-Year Certificate Marker removed for "Maritime Science" because CCC no longer offers a Maritime Science 1-Year Certificate (See Page 20).

August 25, 2025

• MTH105Z-HD1 & MTH105Z-HD2: Both sections of MTH105Z have been changed from "Hybrid" format to "HyFlex" format (See Pages 3 & 6 for more details on HyFlex) (See Pages 8 & 10 for class listing information).

A MESSAGE FROM THE PRESIDENT

At Clatsop Community College, our mission is to empower every student to reach their full potential. Whether you're just beginning, returning after time away, or looking to grow in your career, you'll find a welcoming community ready to support your goals.

Clatsop remains a place of possibility, where you belong, are valued, and can succeed. We are building a college that reflects the needs of our region: graduates whose skills are sought after by employers, students who transfer to universities with confidence, and the leaders and entrepreneurs who are shaping the future of our local economy. We are expanding access, investing in student support, and removing barriers so more students can thrive.

Thank you for being part of the Clatsop story. We're proud to serve you and this community.

With gratitude,

Jarrod Hogue President, Clatsop Community College

Cooperative Work Experience

Cooperative Work Experience (CWE) is a program that allows students to earn college credit for working in the community in a career area related to the student's academic goals

Contact the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu or (503) 338-2507 for the appropriate CWE class, seminar, and registration information.

COOPERATIVE WORK EXPERIENCE

Students work in the community in positions which allow them to demonstrate the skills they have gained during their academic training. Depending on the program, students can earn up to 18 credits on the job. Prior to beginning the work experience, students create individual learning objectives in cooperation with an identified Worksite Supervisor. Student learning objectives are reviewed and approved by the student's Faculty Advisor and/or Program Supervisor. Student learning objectives are consistent with program outcomes and guide student learning during the term. Student learning is monitored by Cooperative Work Experience staff. Students participate in regular monitoring meetings. Students submit required paperwork and are evaluated by their Worksite Supervisor. Students assume greater responsibility on the job as the work experience progresses. Registration requires the signature of the Cooperative Work Experience Program Manager.

Register for CWE280 by emailing the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu.

Prerequisite: None, however, students must have adequate academic training to be successful in an entry-level position.

Co-requisite: None.

CWE281 CAREER READINESS SEMINAR 1 CR

This online career readiness seminar is designed to assist students in obtaining positions consistent with their career goals by challenging students to explore, develop, and take steps toward their own future career plans. Students will experience interactive online training modules to prepare them for the entire journey of choosing the right career, finding a job, and succeeding in the workplace. The training is interactive and focuses on teaching students how to do things for themselves, to build skills and confidence, and empower students to take ownership of their career path development and job search. Innovative simulations provide a safe environment where students can practice for real life situations, such as a job interview, instantly seeing the consequences of their decisions.

Register for CWE281 by emailing the Program Manager of Cooperative Work Experience at mbateman@clatsopcc.edu.

Internships build a bridge from college to career. Would you like to gain valuable on-the-job training for career success? Consider Cooperative Work Experience (CWE) or a Clatsop WORKS internship!

What is the difference?

CWE is a credit-bearing work experience and partnership between employer, instructor, and student. It is real work experience that is accepted as college credit in most degree programs. CWE is tuition-bearing and eligible for financial aid. The work itself may be paid or unpaid. CWE is graded and the working experience must fulfill program of study learning objectives in the students' degree program. Offered all terms.

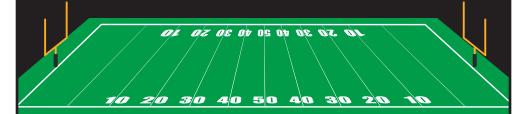

A Clatsop Works Internship is an employer-created, paid work experience in the summer to gain skills and experience. It is not for credit / not graded. The internships change each summer and students can chose to apply for any internship they are interested in, regardless of their program of study.

HOW THE NATIVE NATIONS LOST THEIR HOMELANDS IN OREGON \$79

How did Native Nations lose their lands in Oregon? Native tribes ceded their lands in Oregon to the federal government through leally binding treaties during the 19th century. The treaties were complex and are generally misunderstood, but they have been essential to Native people ever since. How it all happened is a significant part of our history in the Pacific Northwest.

SMALL BUSINESS MANAGEMENT: LEVEL 2

The Small Business Management Advanced Program (SBM II) is designed for the owners of businesses who are looking to grow and expand their business to the next level and need the tools and guidance on how to successfully get there. This program is designed for businesses who have either successfully completed SBM Level 1 or are well-established (have been in business at least 3 years, have 1 employee beyond the owner, have access to company financial records and a strong desire to grow or expand).

SBM's unique combination of classroom learning, one-to-one coaching from an advisor, and networking has one goal: making you and your business more successful. Over 11 sessions, the SBM II Program covers management topics with a customized curriculum and helps you to identify and prioritize outcomes and develop a plan to achieve them. Classroom topics will focus on 3 core areas critical to successful business management: Financial Management, Marketing and Leadership. The program will be facilitated by the SBDC and will feature subject matter experts across the 3 core disciplines. Participating business owners will benefit from these in-person classroom sessions by learning from seasoned professionals. Additionally, participants will benefit from a Mastermind-style approach that encourages peer-to-peer learning, sharing, brainstorming, peer accountability and support to strengthen business acumen and interpersonal skills.

Each business is assigned a professional small business advisor to support growth and development coaching by a professional business advisor, with a focus on their individual goals for this year.

Program begins October 29th and meets for 11 sessions from 3:00-5:30pm, ending April 15th, 2026. Business advising appointments are tailored to your schedule.

FOOD & BEVERAGE ENTREPRENEUR'S BOOT CAMP

Grow your confidence and skills! Are you an entrepreneur with a great recipe or product but need additional support to turn it into a successful business? The Food & Beverage Entrepreneurs Bootcamp is a 5-week program that will help new entrepreneurs build on their passions and current producers strengthen their existing businesses. This bootcamp will help you refine your recipe, develop your product, grow your business skills, and advance your success with your food or beverage product business:

- Product development and costing
- Business planning and financial forecasting
- Sales channel development
- Packaging and labeling
- Merchandising and sales strategies
- Market research & customer profile development
- Branding and marketing

The Clatsop SBDC has partnered with community experts to deliver a supportive and comprehensive program that will cover what you need to not only create and sell your product but also put you on a path to building a successful food or beverage product business.

The program includes:

- Five educational sessions including a "pitch" session where you present your product plan to class participants and experts for feedback
- Individually tailored sessions with an SBDC business advisor to help you apply what you are learning in the classroom to your
- · Technical advising to assist with recipe refinement, product costing, and working in a commercial setting.
- One individual advising session with a marketing specialist to review your marketing strategy.

This program will be helpful to a wide range of individuals who are in the process of building a food business. Examples include:

- A restaurant owner or chef who wants to market a packaged product for customers to take home or to sell in local retail stores.
- A person who wants to produce and market a unique food product developed from a family recipe.
- · A farmer who wants to create jelly made from berries they grow
- A person who has a passion and recipe developed for a craft beverage.

Class will meet on Tuesdays from 9am to 11am beginning September 16th through October 14th in Astoria on the Lexington Campus.
