

Your application has been chosen for "verification." Financial aid must collect certain documents supporting information you reported on your **2025-2026** Free Application for Federal Student Aid (FAFSA). Verification documents must be submitted and processed no later than **June 30, 2026 or 120 days after the last day of your enrollment, whichever is earlier**. Failure to provide all requested information will result in your application not being processed and no federal aid awarded.

Based on the information provided during the verification process, necessary changes to your FAFSA are electronically submitted to the federal processor by CCC's Financial Aid Office. You'll receive a revised Student Aid Report (SAR).

The law (financial aid program rules, 34 CFR, Part 668) states that the Financial Aid Office has the right to require documentation necessary to perform this verification before awarding federal aid.
