***These are estimates and are subject to change at any time. Refer to the NREMT website for details.

The amounts listed above are considered "direct" costs. These are costs that are paid directly to CCC. As a student you also have "indirect" costs associated with attending.

These are costs like living expenses (housing and food), transportation and misc expenses. These costs are not paid directly to CCC but are part of a student's financial need.

The combined direct and indirect cost are what we use to calculate your Cost of Attendance (COA). Below is a COA that includes all of these factors.

Estimated Annual Amount	Direct Costs (chart)	Living Expenses	Transportation	Misc	Total
	\$4,800.00	\$19,272.94	\$2,894.93	\$3,275.00	\$30,242.87
