## How to Access UpToDate and Register for an Account

UpToDate requires users to set up an account, which enables access to this essential resource from any device such as a computer or smartphone that connects to the internet. Due to security provisions, the initial registration process must occur from off of Clatsop Community College's networks.

First, access the internet from any network that <u>isn't</u> one of Clatsop Clatsop Community College's, and go to the Dora Badollet Library homepage, <u>www.clatsopcc.edu/library</u>.

Next, go to the Research Resources on the lefthand side of the page.

Library Quicklinks	Ð
Research Resources	۲
Library Services	٥
About the Library	Ð

Then go to Articles & Databases.

Scroll down to the UpToDate link. Please note that this link is configured especially for Clatsop Community College. You won't be able to register from any other link. From this link, you'll be asked to log in to your Clatsop Community College account, unless you have already authenticated. Use the same username and password you use for Office 365, CCC email, MyCCC, library databases, etc.

<u>UpToDate</u>	
Clinicians around the worl smart, safe patient care de	d trust UpToDate as their go-to, must-have evidence-based clinical decision support resource to help them make ecisions. Great for finding lab interpretations, patient education information, and drug interactions.
War and Terrorism Colle	ction [GALE]

To register for an account, start at the Register link in the upper right corner of the page.
