STUDENT GUIDE

About
CWE

Cooperative Work Experience (CWE) is an internship program which offers students the opportunity to **earn college credit** by working in a position directly related to your program of study. CWE offers expanded learning experiences through exposure to actual work situations, organizational relationships, equipment, and techniques that cannot be duplicated in the classroom.

Benefits of CWE

- Gain skills relevant to your program of study.
- Work with equipment not typically available in your classes.
- Make valuable employer contacts.
- Test your interest in and suitability for an occupation.
- Gain insight into the changing needs in your industry.

How to Determine Credits

The number of credit earned depends on the number of hours worked and your program requirements. Check with your faculty advisor for the total allowable CWE credits for your degree or certificate. No more than 18 CWE credits can count toward any degree.

Work Hours/Credit Chart		
#of Credits	Hours Worked Per Week	Total Hours Per 11 week Term
6	18-20 hours	198- 230 hours
5	15-17 hours	165- 197 hours
4	12-14 hours	132-164 hours
3	9-11 hours	99-131 hours
2	6-8 hours	66-98 hours
1	3-5 hours	33-65 hours

Approximately 33 hours of work equals one credit.

For example: CWE280 becomes

All CWE courses have a required co-requisite course, CWE Seminar (CWE-281). You must complete this course before or during the term you are enrolled in CWE.
